

Wear Something Safer™

Tech Rescue Operations Gear

Technical Rescue 602 Series

NFPA-certified gear with optimal protection and comfort.
The size you need – guaranteed!

602 series jackets and pants have a PBI Triguard™, Millenia Light™, or NOMEX® shell, and a CROSSTECH® S/R fabric barrier. This series meets NFPA 1951 (2007 ed.) standards for rescue and recovery operations. These garments are also available with NFPA 1999 (2008 ed.) and NFPA 1951 dual-certification.

Ricochet's unique construction uses lightweight yet durable fabrics for comfort not typically found in high-performance technical rescue garments. The 602 series was designed based on user feedback, and includes underarm gussets and shaped sleeves for comfortable reaching.

To achieve the proper fit, Ricochet provides an extensive array of sizing suits – No other company emphasizes the importance of a proper design and fit as much as Ricochet.

Ricochet provides outstanding features and offers special options for customizing technical rescue gear to your needs. Options for the 602 series include stow-away hood, custom pockets and positioning, removable name badges, Arashield® reinforcement, and reflective lettering. Please contact a Ricochet representative for complete option information.

Proudly made in the USA

Technical Rescue 602A Series

NFPA-certified gear with optimal protection and comfort.
The size you need – guaranteed!

The 602A Jacket and Pants series meets NFPA 1951 (2007 ed.) standards for rescue and recovery functions. The 602A jacket has a PBI Triguard™ or Millenia Light™ shell with removable CROSSTECH® S/R fabric barrier and added comfort features. Underarm gussets, back bi-swing shoulder, and sleeve construction allow for comfortable reaching, stretching, carrying, and lifting without sleeves riding up.

To achieve the proper fit, Ricochet provides an extensive array of sizing suits – No other company emphasizes the importance of a proper design and fit as much as Ricochet.

Ricochet provides outstanding features and offers special options for customizing technical rescue gear to your needs. Options for the 602A series include stow-away hood, custom pockets and positioning, removable name badges, Arashield® reinforcement, and reflective lettering. Please contact a Ricochet representative for complete option information.
