

Vantage II 401 Series

An excellent value for NFPA-1999 certified EMS jackets and pants. ANSI-107 certified high-visibility option.

VANTAGE II Series Jackets and Pants with two-layer construction provide complete protection and exceptional comfort in everyday use. This series is NFPA-1999 certified (2008), and is available in ANSI-107 Certified High-Viz Yellow.

The Vantage II 401 Series combines a soft but durable water-resistant microdenier nylon weave shell with the unmatched liquid and blood-borne pathogen barrier of a fully-sealed CROSSTECH® EMS fabric hung liner.

To achieve the proper fit, Ricochet provides an extensive array of sizing suits – No other company emphasizes the importance of a proper design and fit as much as Ricochet.

Ricochet provides outstanding features and offers special options for customizing EMS gear to your needs. This microdenier series comes in Navy Blue, Royal Blue, Red, Yellow, and Hi-Visibility Yellow.

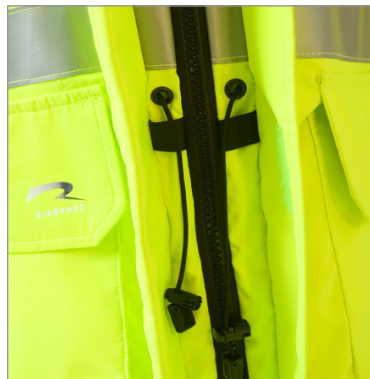

Options for the Vantage II series include attached hood, custom pockets and positioning, removable name badges, Arashield® reinforcement, and reflective lettering. WINDSTOPPER® and Thinsulate™ snap-in warmth liners are also available. WINDSTOPPER® warmth liner doubles as a separate, comfortable station jacket. Please contact a Ricochet representative for complete option information.

Proudly made in the USA
